Subject: Letter of Intent to support the Horizon Europe Mission Soil "All4PastuRES" in the role of Associated Partner.

The Comunità Valsugana e Tesino, based in Piazzetta Ceschi n. 1 38051 Borgo Valsugana (TN) – Italy and represented by Ms. Delia lanes, Segretario Reggente, is interested in participating in the project "All4PastuRES - Alpine Living Labs for Soil Health of Alpine Pastures" Project within the Horizon Europe Mission Soil Programme in the role of Associated Partners.

The project's focus on facing major pressures such as soil compaction, erosion, loss of organic matter, climate extremes, abandonment, shrub encroachment, and conflicts between intensification and traditional management is highly relevant to Comunità Valsugana e Tesino's work.

We recognize valuable alignment with the activities that our organisation currently undertaking in the area of Valsugana, Tesino and Lagorai and consider All4PastuRES an important contribution to the development of soil-friendly vegetation management practices in the Alpine region and beyond.

Furthermore, we shall aim at contributing to the project, if appropriate and feasible, by:

- participating, whenever possible, in meetings aimed at presenting project progress and results,
- providing feedback on the work carried out within the project,
- facilitating the access to project-relevant information and data,
- acting as multiplier within the scope of our competences and networks,
- supporting the transfer and uptake of project results into relevant policies, strategies and implementation processes.

Comunità Valsugana e Tesino is particularly committed/interested to be informed about the activities and results from the following work packages:

- WP2 "Living Labs" which aims to enable co-creation processes & stakeholder dialogue.

- WP4 “Socio-Cultural and economic dynamics related to soil health” which aims to analyse how diverse stakeholder groups in the alpine space perceive, value and interact with soil health and associated ecosystem services.
- WP5 “Innovations” which aims to develop and test innovative management and technical options for maintaining or improving soil health through collaboration with farmers and other land managers.
- WP6 “Scaling, Durability & Policy Pathways” which aims to facilitate knowledge exchange between Living Labs and replicators to enable uptake and scaling of solutions

Comunità Valsugana e Tesino will participate in kind, without getting any funding from the project.

We look forward to collaborating with you and contributing.

Il Segretario reggente
della Comunità Valsugana e Tesino
dott.ssa Ianes Delia
