LETTER OF SUPPORT

[Place], [Date]

To whom it may concern,

[Name of Organisation], legally represented by [Name and Position of Legal Representative], with registered office at [Address] and registration/VAT number [Number], hereby expresses its support for the project **"AgroBioValue: Unlocking the Environmental, Social and Economic value of Agrobiodiversity"**, submitted under the **HORIZON-CL6-2026-01-BIODIV-06 – Boosting agrobiodiversity for food security and sustainable competitiveness** call of the Horizon Europe Programme.

Comunità Valsugana e Tesino is a local public authority in the Autonomous Province of Trento, representing 18 municipalities. It manages essential public services and its goal is to foster sustainable development, territorial enhancement, and social inclusion across the local community. We recognise the importance of promoting agrobiodiversity to strengthen the resilience, sustainability and competitiveness of agricultural systems while enhancing biodiversity conservation and supporting rural development.

We are particularly interested in following the progress of the project and its outcomes, especially regarding:

- the development and implementation of the Agrobiodiversity Labs, in particular the ones located in our territory and centred on chestnut cultivation;
- the identification and demonstration of innovative agrobiodiversity-friendly farming practices;
- the assessment of environmental, economic and social impacts of agricultural diversification;
- the development of practical recommendations, decision-support tools and knowledge for farmers, cooperatives, advisers and other stakeholders;
- the dissemination of project results and best practices that can contribute to the wider adoption of sustainable agricultural systems.

Should the project be funded, we welcome the opportunity to follow its activities and results and support the dissemination of the knowledge generated among relevant stakeholders within our network, where appropriate.

We believe that this project has the potential to make a valuable contribution to strengthening biodiversity, improving farm resilience and fostering more sustainable and competitive agri-food systems across Europe.

This letter expresses our support for the project proposal and does not constitute any legally binding commitment or financial obligation.

We wish the consortium every success with the proposal and look forward to following its implementation.

Yours faithfully,
